GOALS AND RATIONALE

Goals and Rationale: All students, regardless of their language and cultural background, will have the opportunity to develop their academic potential to the fullest extent. This course will provide students with the necessary background skills, vocabulary and learning strategies to ensure success in grade level subjects. The skills taught cover a wide range to enable students to meet cross-curricular language needs. As research indicates, academic language acquisition takes longer than basic in

BIG IDEAS

BIG IDEAS A belief in one's abilities enables growth. Language is expressed differently based on cultural contexts. Language is a social construct that must be explicitly taught. Effective communication comes from an awareness of language. Learning strategies provide greater access to academic success.
