BRITISH COLUMBIA

GRADE 10

Applications of Digital Learning 10

SD43 Coquitlam

Students will learn the essential fluencies of being a global digital citizen - using the guiding principles of leadership, ethics, altruistic service, environmental stewardship, global citizenship, digital citizenship and person responsibility.

Credits: 4	**Approval Date:** Jun 2018
Hours: 120	**Trax Code:** Y

GOALS AND RATIONALE

The aim of the course is to improve students' understanding, attitude & behavior with respect to being a global digital citizen. A course that directly focuses on how students engage with digital media for the purpose of supporting their own learning. It is of particular importance that the ethical uses of information - copyright, privacy, plagiarism & digital citizenship are at the forefront throughout the teaching of this course.

BIG IDEAS

Personal design choices require self-exploration and refinement of skills. Social, ethical and sustainability considerations impact design choices. Tools and technology have an impact on people's lives.
