

**GRADE 11**

# Orientation and Mobility 11

**SD36 Surrey**

Orientation and Mobility 11 is designed for students who have low vision or who are blind and who require instruction in O & M skills and techniques to achieve the highest level of Independent School travel that is possible given the student's individual capacity. As students' progress through the course they will develop the skills, knowledge, confidence and motivation required to travel Independent Schoolly, safely, efficiently and gracefully in many familiar and unfamiliar indoor environments.
