

**GRADE 10**

## **Skills for Success 10**

**SD36 Surrey**

The course is designed to help students develop skills to become successful and engaged learners and adults. Students will use and transfer acquired skills to relevant post-graduation opportunities. SFS has been developed to support the needs of struggling learners who face challenges in their efforts to engage and learn in the school setting and outside community; it typically supports students who have been identified by school support teams as needing support and instruction in this area.

## ADDITIONAL INFORMATION

SFS recognizes that students develop and learn differently. Many students in high school require targeted intervention and instruction to support learning needs, the development of metacognitive awareness and a positive personal identity. Differentiated instruction and assessment are used to ensure that learning opportunities are relevant to the needs of the individual support.
