

GRADE 12

Skills for Success 12

SD36 Surrey

The course is designed to help students develop skills to become successful and engaged learners and adults. Students will use and transfer acquired skills to relevant post-graduation opportunities. SFS has been developed to support the needs of struggling learners who face challenges in their efforts to engage and learn in the school setting and outside community; it typically supports students who have been identified by school support teams as needing support and instruction in this area.

ADDITIONAL INFORMATION

SFS recognizes that students develop and learn differently. Many students in high school require targeted intervention and instruction to support learning needs, the development of metacognitive awareness and a positive personal identity. Differentiated instruction and assessment are used to ensure that learning opportunities are relevant to the needs of the individual support.
