BRITISH COLUMBIA

GRADE 10

Textiles Arts and Crafts

SD43 Coquitlam

Course Synopsis: Textiles Arts and Crafts 10 is an entry level course designed to provide an overview of both theory and practical experience in the production of textiles arts and crafts items. Students will engage with the design cycle to plan and execute the steps necessary for a wide range of textile arts and crafts that involve a variety of painting skills, creative lettering, hand sewing, decorating and embellishment techniques. Through project based learning, students will learn how texti

GOALS AND RATIONALE

Goals and Rationale: Textiles Arts and Crafts 10 is a hands-on, project-based course that gives the students opportunities to express their skill and creativity through completion of a number of new and traditional crafts. Interactive activities between the students themselves, and the sharing of their work will allow for the communication, expression and exploration of one's unique culture, history and identity. Students will participate in activities including designing, planning, and ultimate

BIG IDEAS

BIG IDEAS User needs and interests drive the design process. Social, ethical, and sustainability considerations impact design. Complex tasks require different technologies and tools at different stages Active participation in textiles, arts and crafts contributes to culture and personal identity, and reveals insights into the human experience. Artistic expression requires authenticity, perseverance and risk taking.
