

GRADE 11

Textiles Arts and Crafts 11

SD43 Coquitlam

To provide an expansion in both theory & practical experience in the production of textiles arts & crafts items. Students will engage with the design cycle to plan & execute the steps necessary for a wide range of textile arts & crafts that involve a variety of painting skills, creative lettering, hand sewing, decorating & embellishment techniques. Through project-based learning, students will learn how textiles arts & crafts are used for storytelling, passing on of culture & traditions.

GOALS AND RATIONALE

Hands-on, project-based course that gives the students opportunities to express their skill and creativity through completion of a number of new and traditional crafts. Interactive activities between the students themselves, and the sharing of their work will allow for the communication, expression and exploration of one's unique culture, history and identity. Students will participate in activities including designing, planning & the steps necessary to create various textiles arts & crafts.

BIG IDEAS

User needs and interests drive the design process. Active participation in the creation of textiles and craft contributes to culture, personal identity and reveals insight into the human experience. Growth as a textiles and craft student is dependent on perseverance, resilience, refinement, and reflection. Artistic expression requires authenticity, perseverance and risk taking.
