

Digital Tools for Teaching and Learning – You Own This!

Members* who license the [BC Digital Classroom](#) collection have direct on-site and (password enabled) at-home access to resources. Many of these resources include lesson planning supports, and enable varied reading levels, text-to-speech, and language translation.

All members can create accounts for [TigTagJr, TigTag, and Twig](#) science resources which include videos, experiments and instructional support materials.

Direct Links

For all ages: [4Canoes](#) - A Canadian resource, sharing stories, traditional knowledge and experiences of Indigenous communities across Canada and North America.
